

## CITIZENSHIP EDUCATION

It is a prime responsibility of the district to help students understand, appreciate, and feel a responsibility to perpetuate our American heritage, customs, traditions, and ideals. Therefore, the Board directs that students will be instructed in the history and the Constitution of the United States, the history and constitution of the state of South Dakota, and the general principles of free government so they comprehend the rights, duties, and dignity of American citizenship. Also, students will be instructed on the proper manner to honor, respect, and display the flag of the United States.
