

PATRIOTIC EXERCISES/FLAG DISPLAYS

The American flag will be flown from the mast at school every day that school is in session, except on days of inclement weather. The principal is responsible for flying the flag on school days. A small flag and standard is furnished for each classroom and must be unfurled and in evidence each school day. The District shall provide all students the opportunity to salute the United States and the flag each day by reciting the pledge of allegiance to the flag of the United States. A student may choose not to participate in the salute to the United States and the flag; however, a student who does not participate in the salute shall maintain a respectful silence during the salute.

Observation and commemoration of special days and events will be considered a valuable part of the instructional program of the school.
