

## SCHOOL ADMISSIONS

In accordance with state law, all persons over five and under 21 years of age and all veterans (except dishonorably discharged veterans) who are residents of the district will be eligible to attend the public schools free of charge, if they have not already received a high school diploma.

Upon registration, all new students will be required to present:

1. Proof of date of birth.
2. Record of required immunization certified by a licensed health care provider.  
As an alternative to the requirement for a physician's certification, the pupil may present:
  - (A) Certification from a licensed health care provider stating the physical condition of the child would be such that immunization would endanger the child's life or health; or
  - (B) A written statement signed by one parent or guardian that the child is an adherent to a religious doctrine whose teachings are opposed to such immunization; or
  - (C) A written statement signed by one parent or guardian requesting that the local health department give the immunization because the parents or guardians lack the means to pay for such immunization.
3. Proof of residency, if requested.
4. The District has thirty (30) days after registration to determine if admission is proper.

Adoption date: November 12, 1985
