

GUIDELINES FOR GYM USE

The following guidelines must be followed if baseball or softball teams are granted a request to use the Auxiliary Gym.

1. For playing catch an indoor “softer” ball must be used.
2. If batting practice is to occur it must be with a whiffle ball. There must also be a batting net that will catch all balls.
3. No balls of any kind should be thrown into school equipment or walls.

As with any facility request (File KG) the party using the facility is financially responsible for any damage that may occur.

Adopted: April 13, 2009
